Summary

I am a Tech Enthusiast who got my hand dirty with code very early in life. In my last 5 years of learning, I have got my hands-on multiple personal and enterprise projects following the common practices of Agile Software Development, TDD (Test Driven Development) and writing DRY (Don't repeat yourself) code, and always keeping Deadlines, Security and Performance at my highest priorities. I constantly follow the developer's community on Medium, Linked In, Youtube, and Stackoverflow to make sure that I have since of everything happening in the industry.

Experience

Full Stack Web Developer

Queen's College of Business, Technology & Public Safety

Oct 2020 - Jan 2021 (4 months)

Working with Queen's college was a great experience as I get to build highly optimized and scalable systems for the administration and students while I was proceeding with my studies as a computer programmer. Working here really helped me brush up my technical & soft skills.

- Modified existing backend & frontend to enhance performance and add new features.
- Tested all software prior to going live to alleviate bugs and troubleshoot issues.
- Building REST API using express.js and keeping the security, performance & maintainability as the high priority.
- Collaborated with my colleagues using Gitlab & Microsoft teams and maintaining constant communication in order to avoid code-breaking.
- Build all of the systems by implementing user control so that only authorized users can access certain routes and the Ui elements.

Junior Software Developer

Navotar Inc

Aug 2020 - Jan 2021 (6 months)

-Building highly optimized React Web Apps & React Native Mobile Apps keeping efficiency in mind & thinking thousand of users are going to use it.

- Doing Version control, Reporting, Automated builds & Release Management using the power of Azure DevOps.
- Collaborated with product and engineering team members to define and develop new product concepts.
- Worked closely with development team members to identify and remove software bugs.

Information Technology Technical Support

Edu Solutions E-Learning

May 2020 - Jun 2020 (2 months)

-Conducted end-user training and provided technical support on hardware, software and network issues.

-Supported customers with access and account issues.

-Responded to assistance requests from users and directed individuals through basic troubleshooting tasks.

-Reviewed current software and recommended modifications to increase system speed.

Admission Assistant

Edu Solutions E-Learning

Feb 2020 - Apr 2020 (3 months)

-Maintained personnel records, including applications, performance reports, payroll records, and medical files.

-Maintained detailed administrative and procedural processes to improve accuracy and efficiency.

-Updating the excel sheet on Microsoft Teams every single time when a change has been done to make sure the rest of my colleagues are in sync while working.

Sales Associate

Green Moolaa

Jun 2019 - Feb 2020 (9 months)

Working with Green Moolaa Buy & Sell for over a year packed me with some of the important skills like Sales, Customer Service, Payment Transactions, Marketing & Negotiation. The part of my job was to create Interest in customers on the floor by educating them with the product details and how it can make their life easier.

-Kept apprised of emerging trends and provided informative customer service to assist in product selection.

-Retained product, service and company policy knowledge to serve as resource for both coworkers and customers.

-Negotiated and closed deals with minimal oversight.

-Processed all sales transactions accurately and promptly to prevent long customer wait times.

-Organized and maintained both physical and digital payment documentation for accurate filing and compliant recordkeeping.

Education

Lambton College

Licenses & Certifications

 **React: Building Large Apps** - LinkedIn

 **Advanced Node.js: Scaling Applications** - LinkedIn

 **CERTIFICATE OF ACHIEVEMENT - Creating e-Portfolio using Coding** - Lambton College

 **Advanced Node.js** - LinkedIn

 **Advanced Express** - LinkedIn

Skills

Full-Stack Development • Docker • Kafka • Integration Testing • Unit Testing • React.js • React Native • MongoDB • Angular • Node.js
